2000 Litre Steel Bunded Oil Tank with Imperium® Technology

Capacity	2000 Litre
Length	1830mm
Width	1100mm
Height	1250mm
Weight	360kg (empty)

## General information

A 2000 litre steel bunded oil tank suitable for both domestic and commercial applications. Made with Imperium® Technology.

## Imperium® Technology:

Combines Atlantis Tanks' own precision tank design with a highly efficient manufacturing approach. The result is a well-engineered steel bunded oil tank with added usability and functionality.

## Suitable for

Heating oil, kerosene, Hydrotreated Vegetable Oil (HVO), diesel, waste oils and many other liquids (please check before usage).

## Connections

- ✓ 1" bottom outlet
- ✓ 1.5" bund socket for bund alarm probe
- ✓ 2" tank to bund vent
- ✓ 2" bund vent

## On removable fittings plate:

- ✓ 2" fill point with aluminium drip cap
- ✓ 2" top socket as a spare connection
- ✓ 1.5" port for contents gauge
- ✓ 1" socket with internal suction pipe

## Tank Data

### Outer tank dimensions:

(L) 1830mm x (W) 1100mm x (H) 1250mm

### Inner tank dimensions:

(L) 1700mm x (W) 1040mm x (H) 1248mm

**Brimful capacity:** 2186 litres

**Nominal capacity:** 2076 litres

**Useable capacity (c/w \*OPV):** 2010 litres

\*OPV - Overfill Prevention Valve option reduces capacity slightly if fitted

## Materials & Compliance

Structural steel grade S275 JR that meets the BS EN10025-2:2004 standard. Complies with BS 700 pt5 for design & construction of carbon steel oil storage tanks.

## Warranty term

10 year warranty subject to T's & C's. Each tank is provided with a warranty manual.

## Recommended base size

We recommend along with current regulations a base size which extends 300mm all the way around the tank.

**Length:** 2430mm **Width:** 1700mm
